Invitation

Dear Colleague,

On behalf of the Beneficiaries of the “Verenike” project, it gives us great pleasure to extend a warm invitation to you to participate at the International Conference with the title “Enhancing Biodiversity in Mediterranean Ecosystems from Theory to Practice”. The conference will be held at the conference room of the Agricultural Research Center of North Greece- Hellenic Agricultural Organisation-Demeter (former NAGREF) in Themi (Thessaloniki) from the 18th until the 20st of June, 2014. This is final event of the “Verenike” Life project “LIFE09 NAT/GR/000326.

The theme of the conference highlights the desire of the committee to address biodiversity issues and bring together scientists, experts and state holders from a variety of fields to further increase the knowledge in this research field. Also, invited speakers will enlighten us with a variety of biodiversity related topics. All abstracts (oral and poster presentations) will be included in a special published volume that will be distributed right after the conference registration.

The conference website is <http://www.verenikelifelife2009.gr>

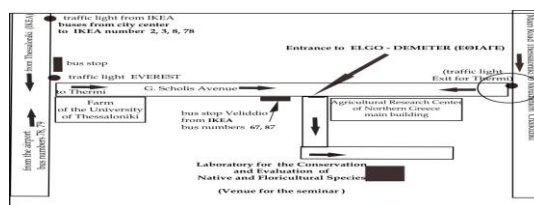

The final scientific program and the book of abstracts of all presentation (oral and posters) will appear on our web site as soon as they become available. The Organizing Committee looking forwards seeing you in the conference and we do hope that the conference will be both scientifically and socially rewarding.

Yours sincerely,
Dr. Kalliopi Radoglou

Professor, DUTH
Coordinator & Scientific Responsible
